Briggs (Oil Cooler) Commercial 810cc	61"	27 hp
Kawasaki FT730V 726cc	54"	24 hp
Kawasaki FT730V 726cc	61"	24 hp

SPRING SUSPENSION

SRT models have rear traction enhancing custom Winimac® spring suspension for better grip and smoother ride. It allows radial tires to follow every little undulation in the riding surface. In other words, the springs allow the wheels to follow the contour of the turf.

FRONT & REAR RADIAL TIRES

It all starts with traction. Exclusive Radial Tires for better traction and softer ride are on all RZ-Pro models and up. Challenge our ride against others out there and you'll feel it for yourself.

**RZ Base model not included. RT-HD and above come standard with front radials.*

KEY PAD

Our key pad allows you to personalize your code to start the mower. It also has a push button switch for accessories like lights, electric chute, etc. The screen shows engine hours, PTO drive hours, when to change your oil and light indicators for diagnostics. It's your mower's personal assistant!

**Standard on ALL Models*

**All Spartan Mowers are equipped with multiple unique advantages. These are just a few available on this mower. See pages 7-10 to learn more.*

BRIGGS COMMERCIAL 27 HP

810cc powerhouse with oil cooler and multi stage air filtration system designed for high debris applications to endure extended use in extreme conditions.

KAWASAKI FT730V 24 HP

With 39.6 lbs-ft of torque, built to handle heavy loads. The Vortical air filtration system muscles out grass and debris while large, easy-to-access integrated clean-out ports amp up your efficiency and keep you cutting.

ADJUSTABLE SEAT

Exclusive Spartan Mower seats offer supreme comfort for an 'all day ride.' A 3" adjustable seat made with Dymetrol® material, coupled with adjustable TecnPaks® elastomers under the seat platform offers a ride that's above industry standard. We don't compromise on comfort.
