

# SRT-XD

## PARKER HTG 16CC Transmissions

### BIGGEST - BADDEST - BEST

The biggest Vanguard® 896cc and 993cc, 125 lb engines, along with the two 66 lb Parker HTG-16cc extreme duty transmissions and the five layers of Smart Ride Technology comfort put the SRT-XD at the top of the food chain for **COMMERCIAL** quality mowers.

\*All Spartan Mowers are equipped with multiple unique advantages. These are just a few available on this mower. See pages 7-10 to learn more.

#### KAWASAKI FX1000V EFI 38.5 HP

Kawasaki EFI fuel management continually adjusts power to load, keeping blade tip speed constant and ground speed steady. With optimum cutting speed through tough conditions, you'll get more done in less time – and do it with maximum fuel economy.

#### VANGUARD® W/ OIL GUARD 37 HP

Increasing the oil change interval 5x from 100 hours to 500 hours means less time spent changing the oil and more time cutting.

#### PARKER HTG 16CC DRIVE

The Parker HTG 16cc pump, which is largest in the product line, and motor combination provide unparalleled power.

#### STRESS PADS

For those of you who mow hours at a time, try our stress pads out for yourself. Your shoulder and neck will thank you! Did we mention we don't compromise on comfort?

#### ADJUSTABLE SEAT DIAL

We don't compromise on comfort. The 360° Floating Seat System, combined with the independent rear suspension will literally have you feeling like you are floating on air.

#### INDEPENDANT ADJUSTABLE FRONT WHEEL ASSEMBLIES

Each front wheel can be equipped with two adjustable shocks for superior ride and comfort.
